To use my skills gained in the past few years to work as a motivated professional and make a valuable contribution to the organization. In the process, also get an opportunity to learn something productive.

WORK EXPERIENCE

- QC Associate at DSG-US (Link-<https://www.dsg-us.com/index.html>)**
DSG-US company can benefit from using Vite with React because it can increase productivity and speed up the frontend development process. By using Vite with React, developers can take advantage of its fast build and hot-reloading features, resulting in a more efficient development workflow.

Achievements/Tasks

- eSource : A BYOD, user-friendly approach for real-time data capture, eliminates SDV, and empowers users to enter data using any device for any decentralized or hybrid clinical trial.
- eCaseLink EDC: A time-proven, user-preferred site data entry platform including real-time data export for analytics including SAS.
- eCaseLink - CTMSClinical Trial Management System - CTMS gives you unparalleled control over your study with advanced reporting functionality that provides easy access to metrics, workflow events, action items, documents collected and protocol deviations.
